Inspection items

Check item	OK	Not OK	Notes / action
Tires, wheels, frame, cab, mirrors, seat belt, lights, alarms, and visibility aids are ready.			
Boom, forks, carriage, attachment coupler, pins, hooks, chains, hoses, and cylinders are checked.			
Load chart, data plate, labels, and attachment information are present and legible.			
No hydraulic, fuel, oil, coolant, or brake leak is visible where checked.			
Steering modes, service brake, parking brake, lift, lower, extend, retract, and tilt work.			
Ground condition, slope, holes, debris, overhead hazards, and traffic are noted.			
Attachment, boom, hydraulic, tire, brake, steering, or load-chart concerns are reported.			

Defect log

Describe defect, exact location, action taken, and whether equipment was removed from service.
