## Inspection items

Check item	OK	Not OK	Notes / action
Aisles, exits, pedestrian routes, and emergency paths are clear and marked.			
Floors are dry, clean, and free of loose wrap, debris, trip hazards, or spills.			
Racks, pallets, and stacked materials show no obvious impact, leaning, or overload concern.			
Loading docks, dock plates, trailer control, doors, lights, and dock edges are checked.			
Fire extinguishers, first-aid kits, eyewash, spill kits, and emergency information are accessible.			
Battery charging, maintenance, waste, and staging areas are orderly.			
Findings have an owner, correction target, and recheck note.			

### Defect log

Describe defect, exact location, action taken, and whether equipment was removed from service.
